EFMP-FS Family Needs Assessment (DD 3054)
Discussion Questions

Appendix: ***Information provided may be used to prompt discussion, as needed, in order to better understand the needs of the family. This list is NOT all inclusive. Note: The FS role is to provide "non-medical" case management and refer families to community resources. Do NOT refer families to medical resources, assist with locating possible medical providers or work through medical care issues. This is not in the FS lane. Families must be referred to the SNC and/or Medical Treatment Facility Patient Advocate for medical care concerns.***
