

RAMSTEIN KARATE TECH

The Karate Tech style taught by the KMC instructors is the creation of Professor Jorge Ordonio. It incorporates Karate, Hapkido, Tae Kwon Do, Wing Chun (Kung Fu), Kick Boxing and Filipino Eskrima.

Master Jorge has merged, mixed and shuffled traditional Karate, Kick Boxing, Grappling and Street Fighting into a simple process. Through this combination of Martial Arts, we end up with a vast amount of effective self-defense, including knife, pistol, Eskrima stick and baseball bat defenses. We try to provide each person with the knowledge to become proficient in all of these areas. Self-defense, self-discipline and respect for others are emphasized at all age levels.
